

CPCCLHS3001A - Licence to operate a personnel and materials hoist

Course Description

This unit specifies the outcomes required to operate a builder's hoist in which personnel, goods and/or materials may be hoisted, and which comprises a car, structure, machinery or other equipment associated with the hoist, and which may be a cantilever hoist, a tower hoist or a multiple winch operation. Included in this definition are situations where winches may be configured to operate as hoists for the transportation of personnel for licensing purposes.

Course Content

This course is designed to provide participants with the skills and knowledge to safely operate a personnel and materials hoist. This unit is based on the requirements of the National Standard for Licensing Persons Performing High Risk Work.

This course includes:

- Plan work
- Conduct routine checks
- Conduct hoist operations
- Shut down and secure hoist
