UNIQUE STUDENT IDENTIFIER

If you're studying nationally recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime. Visit the USI site [here](#)

It's free and easy to [create your own USI](#) and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's licence number.

STUDENT ENROLMENT

At HPA Training our approach to enrolment and induction is to provide a pathway for students to make informed decisions about their training and assessment and enter a training pathway that is the right fit for the student and their current or future employer.

We strive to identify a student's needs during the pre-enrolment process to ensure that our services to each individual student are appropriately adjusted to allow for their unique requirements.

To achieve this, we will conduct a pre-enrolment checklist:

Provide persons making an enquiry with accurate and ethical marketing and pre-enrolment information that enables them to make confident and suitable decisions about selected training programs;

- Conduct a one-on-one pre-enrolment interview either face-to-face or over the telephone to individually assess the person's needs and circumstances and provide them information about their rights and obligations, privacy, appeals and grievances, RPL or credit transfer options, USI information, cost of course and payment options, schedule of fees and charges and where to access this information on our website;
- Provide information about special requirements for their desired training program and pathways to obtain these;
- Provide information about the occupational outcomes produced by their selected program and discuss how these align with their occupational goals and aspirations;

- Validate that applicants meet the entry requirements for their selected program to ensure that they have the greatest opportunity for success and completing the course;
- Determine if the applicant has the required access to information technology including modern computer systems and access to the internet if applicable.
- Determine that the applicants have appropriate language, literacy and numeracy skill and abilities to meet the requirements of their desired training program;
 - All potential students are required to complete an LLN skills assessment form prior to their course commencement.
- Determine if the applicant has any need for reasonable adjustment at the point of pre-enrolment to allow training programs to be suitably adjusted;
- Ensure there are no unnecessary barriers for persons to participate in the training program of their choice;
- Provide comprehensive administrative support that allows the applicant to complete enrolment efficiently and commence training at an agreed time and place; and
- Inform applicants about alternate pathways to training such as gaining national recognition for current competence or recognition of prior learning and/or credit transfer opportunities.

YOUR SAFETY

HPA Training is committed to providing you a safe environment in which to participate in training and assessment. We are aware under the Work Health and Safety Act 2011 of our responsibilities to maintain a safe environment.

FIRE SAFETY

- HPA Training will undertake to communicate the procedures involved in evacuation and the location of fire equipment to students at each facility for each training and assessment event; and to users of the office at least twice each year.
- All users of a training and assessment facility need to be familiar with the location of all EXITS and fire extinguishers. Users will consult available maps to determine location.
- It is the user's responsibility to understand fire drill procedures displayed around the premises.
- Users are asked to attend any sessions on fire safety procedures and the use of fire safety devices.

FIRST AID

- Provision for first aid facilities are available where training is delivered.

Always ensure that all work areas are clean and clear of clutter so as to avoid the danger of accident by tripping or falling over.

- Place all rubbish in the bins provided.
- Ensure that bench spaces are left clean and tidy.
- Do not sit or climb on any desks or tables.

YOUR EQUITY

HPA Training is committed to ensuring that the training and assessment environment is free from discrimination and harassment. All HPA Training staff members (including contractors) are aware that discrimination and harassment will not be tolerated under any circumstances. In the event that discrimination and harassment is found to have occurred disciplinary action will be taken against any staff member who breaches this policy. Suspected criminal behaviour will be reported to police authorities immediately. Students should expect fair and friendly behaviour from HPA Training staff members and we apply complaint handling procedures advocated by the Australian Human Rights and Equal Opportunity Commission (HREOC).

Students who feel that they have been discriminated against or harassed should report this information to a staff member of HPA Training that they feel they can trust. This will initiate a complaint handling procedure which will be fair and transparent and will protect your rights as a complainant. Alternatively, if a student wishes to report an instance of discrimination or harassment to an agency external to HPA Training, they are advised to contact the HREOC Complaints Info-line on 1300 656 419.

OUR GUARANTEE TO CLIENTS

If for any reason HPA Training is unable to fulfil its service agreement with a student, HPA Training must issue a full refund for any services not provided. The basis for determining “services not provided” is to be based on the units of competency completed by the student and which can be issued in a statement of attainment at the time the service is terminated.

ACCESS TO YOUR RECORDS

You are entitled to have access to your student file and learning and assessment records on request. You may require these to monitor your progress with training or simply to go back and confirm something in a previous training module. Whilst these records will be retained by HPA Training, you are welcome to have access anytime just ask your trainer and it will be organised immediately.

You can access hard copy records and reports from our student management system, but only relating to you personally. You can request this access using the Student Records Request Form.

Access to requested records during a work day will be arranged as soon as possible and definitely within 24 hours. Students should note that these records cannot be taken away unless a copy is requested. Where photocopies are requested, HPA Training reserves the right to charge a one-off photocopy fee of \$10.00. There is no cost to simply view records at our office.

CONTINUOUS IMPROVEMENT

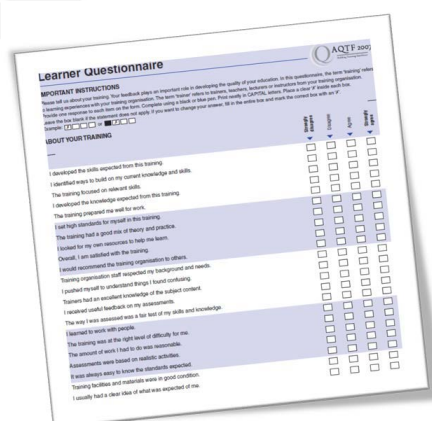

HPA Training is committed to the continuous improvement of our training and assessment services, student services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

Suggesting Improvements

The primary method of reporting opportunities for improvement by students is via the continuous improvement reporting procedure. This procedure allows any person to raise a Continuous Improvement Report for consideration by the Continuous Improvement Committee. Often these reports will be generated after an opportunity for improvement has been identified by a staff member or student. The Continuous Improvement Report template is available on request. Students are encouraged to provide feedback to HPA Training so we can improve our services in the future.

Learner Satisfaction Survey

At the completion of your training program, you will be issued with a Learner Satisfaction Survey. This is a nationally consistent survey tool which is designed to collect feedback from students about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey is important to HPA Training for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

The image shows a 'Learner Questionnaire' form from AQTF 2005. It includes sections for 'IMPORTANT INSTRUCTIONS' and 'ABOUT YOUR TRAINING'. The form contains various statements for which students can provide feedback using a scale from 1 to 5. The statements cover topics such as the quality of training, relevance of content, and the effectiveness of the training environment.

ASSESSMENT

At HPA Training assessment is conducted using a combination of Written Knowledge Assessment, Research Tasks, Case Studies, Work Log Book, Supervisor Feedback and Workplace Observation.

The following provides a brief explanation of the primary assessment methods:

- **Written Knowledge Assessment:** The student is required to provide a written response to a range of questions relating to required knowledge of the units of competency. These would generally be short answer response activities and may include other questioning methods including multiple-choice.
- **Research Tasks:** The student is required to undertake research within their own workplace and the available reference material and provide a written response to each question. These assessment activities are usually short to medium answer response activities. The responses provided by the student will largely be specific to their workplace.
- **Case Study Response:** The student is required to provide a written response to a situation presented in a case study scenario. This will usually require the student to consider carefully the situation presented, undertake some research to inform their response and then to propose their recommended actions.
- **Workplace Log book:** The student is required to record details of their work activity completed during the work placement. These details are recorded against specified tasks which are predesigned for the student to complete. This forms an important part of the assessment evidence as it often includes critical evidence that is otherwise difficult for the assessor to observe.
- **Supervisor Feedback:** The assessor will periodically engage with workplace supervisors to seek their feedback about the student's performance. This is undertaken as an interview with a duration of approximately 15 to 20 minutes. This interview can be undertaken over the phone or face to face. Feedback from a supervisor is recorded into the assessment record.
- **Workplace Observation:** The student will be observed performing specific tasks in their day-to-day work activities. The assessor will attend the workplace and observe the student performing tasks relevant to the units of competency being assessed. The student will be briefed on these observation activities in events and is required to make arrangements to undertake these activities when the assessor is in attendance at the workplace.

RE-ASSESSMENT

Students who are assessed as not yet competent are to be provided with detailed verbal and written feedback to assist them to identify the gaps in their knowledge and skills to be addressed through further training. These students are to be provided with additional training and learning support to target their specific gaps in knowledge and/or skills and prepare them for additional assessment.

It is the policy of HPA Training to provide three opportunities for additional training and re-assessment at no additional cost to the student or employer. Students who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment. Please refer to the current fee schedule to identify the re-assessment fee.

Students requiring additional learning support are to be brought to the attention of HPA Training Management so the progress of the student can be monitored closely and additional support services can be applied well before it becomes necessary to impose an additional fee for re-assessment. Where students repeatedly do not demonstrate competence following significant learning and assessment support, a student's enrolment can be determined through mutual agreement.

LANGUAGE, LITERACY & NUMERACY SKILLS

Language, literacy and numeracy skills are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing and comprehending written work instructions.

To support this approach HPA Training will:

- Assess a student's language, literacy and numeracy skills during their pre - enrolment to ensure they have adequate skills to complete the training;
- Support students during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered;
- Provide clear information to students about the detail of the language, literacy and numeracy assistance available;
- Refer students to external language, literacy and numeracy support services that are beyond the support available within HPA Training and where this level of support is assessed as necessary; and
- Negotiate an extension of time to complete training programs if necessary.
- Refer to an external LLN expert <https://www.readingwritinghotline.edu.au/for-learners/>

For further information on this please don't hesitate to contact HPA Staff.

MAKING COMPLAINTS & APPEALS

COMPLAINT RESOLUTION

REPORT

NOTIFY

RESOLVE

HPA Training is committed to providing a fair and transparent complaints and appeals process that includes access to an independent external body if necessary.

What is a complaint?

A complaint is negative feedback about services or staff which has not been resolved locally. A complaint may be received by HPA Training in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by students and/or employers.

What is an appeal?

An appeal is an application by a student for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to HPA Training within 28 days of the student being informed of the assessment decision or finding.

Early resolution of complaints & appeals

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time, as they occur between the persons involved, where possible. Sometimes, it will not be possible and in these cases you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

Complaint and appeals handling

HPA Training applies the following principles to its complaints and appeals handling:

- A written record of all complaints is to be kept by HPA Training including all details of lodgement, response and resolution. HPA Training will maintain a complaints register to be used to record the details of the complaint and to maintain a chronological journal of events during the complaint handling process. Records relating to complaint handling are stored securely to prevent access to unauthorised personnel.
- HPA Training will acknowledge receipt of complaint in writing within 2 working days.
- A complainant is to be provided an opportunity to formally present his or her case at no cost.

- Each complainant may be accompanied and/or assisted by a support person at any relevant meeting.
- The handling of a complaint is to commence within seven (7) working days of the lodgement of the complaint and all reasonable measures are taken to finalise the process as soon as practicable.
- The complainant is to be provided a written response to the complaint, including details of the reasons for the outcome. A written response must be provided to the complainant within fourteen (14) days of the lodgement of the complaint.
- Complaints must be resolved to a final outcome within sixty (60) days of the complaint being initially received. Where HPA Training Chief Executive Officer considers that more than 60 calendar days are required to process and finalise the complaint, the CEO must inform the complainant in writing, including reasons why more than 60 calendar days are required. As a benchmark, HPA Training will attempt to resolve complaints as soon as possible. A timeframe to resolve a complaint within thirty (30) days is considered acceptable and in the best interest of HPA Training and the complainant. A complainant should also be provided with regular updates to inform them of the progress of the complaint handling. Updates should be provided to the complainant at a minimum of four (4) weekly intervals.
- HPA Training shall maintain the enrolment of the complainant during the complaint handling process.
- Decisions or outcomes of the complaint handling process that find in the favour of the student shall be implemented immediately.
- Complaints are to be handled in the strictest of confidence. No HPA Training representative will disclose information to any person without the permission of HPA Training Chief Executive Officer. A decision to release information to third parties can only to be made after the complainant has given permission for this to occur. This permission should be given using the Information Release Form.
- Complaints are to be considered and handled to ensure the principles of natural justice and procedural fairness are applied at every stage of the complaint handling process. This means that the complainant is entitled to be heard with access to all relevant information and with the right of reply. The complainant is entitled to have their complaint heard by a person that is without bias and may not be affected by the decision. Finally, the decision must be made based on logical evidence and the decision-maker must take account of relevant considerations, must act for a proper purpose and must not take into account irrelevant considerations.

Review by an independent person

HPA Training provides the opportunity for persons making a complaint or an appeal who are not satisfied with the outcomes of the complaints and appeals handling process to seek a review by an independent person. To facilitate this, HPA Training will

engage a suitably qualified and experienced VET consultant to provide this review impartially on behalf of the student.

Review by external agency

- Where the complainant or person lodging an appeal is not satisfied with the handling of the matter by HPA Training, they are to have the opportunity for a body that is independent of HPA Training to review his or her complaint or appeal following the internal completion of complaint or appeals process.
- Students who are not satisfied with the process applied by HPA Training may refer their grievance to the following external agencies:
- Unresolved complaints may be referred to the Australian Skills Quality Authority - ASQA Online Complaint Form. Students are to be advised that ASQA will require the student to have exhausted all avenues through HPA Training internal complaints handling procedure before taking this option.
- Unresolved Appeals in relation to consumer related issues may be referred to the Office of Fair Trading.
- National Training Complaints Hotline also provides an opportunity for students to lodge their grievance with an external agency who will follow up and investigate their complaint. This service can be accessed via the following phone number: 13 38 73

RECOGNITION OF YOUR EXISTING SKILLS & KNOWLEDGE

In accordance with the requirements of the Standards for Registered Training Organisations, HPA Training provides the opportunity for students to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

What is recognition?

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

Recognition guidelines

The following guidelines are to be followed when an application for recognition is received:

- Any student is entitled to apply for recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for recognition for units of competence or a qualification which are not included in HPA Training scope of registration.
- Whilst students may apply for recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- Students who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.
- Assessment via recognition is to apply the principles of assessment and the rules of evidence.
- Recognition may only be awarded for whole units of competence.

Forms of evidence for recognition

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected and a judgement is made by an assessor or assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate's ability to adapt prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records;
- Records of workplace training;
- Assessments of current skills;
- Assessments of current knowledge;
- Third party reports from current and previous supervisors or managers;
- Evidence of relevant unpaid or volunteer experience;
- Examples of work products;
- Observation by an assessor in the workplace;
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined together, with a number of evidence items, the candidate will start to provide a strong case for competence. HPA Training reserves the right to require candidates to

undertake practical assessment activities of skills and knowledge in order to satisfy itself of a candidate's current competence.

What is national recognition?

National recognition is the recognition of learning achieved through formal education and training. Under the Standards for NVR Registered Training Organisations, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. National recognition allows a student to be awarded a unit of competency/module based on successful completion of the unit which has been previously awarded.

Evidence requirements

If you are seeking national recognition you are required to present your statement of attainment or qualification for examination to HPA Training. These documents will provide the detail of what units of competence you have been previously issued. You must provide satisfactory evidence that the statement of attainment or qualification is authentic, is yours and that it has been issued by an Australian RTO. National recognition guidelines

The following guidelines are to be followed in relation to national recognition:

- Any student is entitled to apply for national recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for national recognition for units of competence or qualification which are not included in HPA Training scope of registration.
- Whilst students may apply for national recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- The student does not incur any fees for national recognition and HPA Training does not receive any funding when national recognition is granted.
- National recognition may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for national recognition and applicants will be advised to seek recognition.

Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (eg. broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of

research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.
