- Plan reasonable adjustments and support strategies;
- Document outcomes in your Training Plan.

This aligns with **Standard 2.2(b)** and helps us tailor your learning experience for success.

How We Conduct the Suitability Check

1. Issue the Form

- As part of your Pre-Enrolment Pack interview (before commencement), we provide the Suitability Self-Assessment via a phone interview or when filling in enrolment form.

2. Complete the Questionnaire

- The form covers:
 - Language, literacy and numeracy tasks (e.g. reading and writing activities)
 - Digital capability tasks (e.g. basic file handling, navigation of online modules)
 - Physical or workplace requirements (e.g. manual handling, use of tools)
 - Any other factors affecting your ability to engage

3. Review & Analyse

- Your Trainer and our LLN/Digital Specialist review your responses and task results, scoring each domain against benchmark criteria.
- We interpret outcomes to determine whether:
 - You can proceed without adjustments;
 - You require specified support (e.g. LLN workshop, digital skills help);
 - Alternative pathways or deferment should be considered.

4. Provide Feedback & Next Steps

- On completion of your phone interview or face to face meeting, you receive a Suitability Outcome Summary detailing:
 - Your assessed strengths and gaps
 - Recommended support services and resources
 - Any agreed reasonable adjustments

5. Integrate into Training Plan

1. Public Liability Insurance

- We hold continuous **public liability cover** for at least **AUD 20 million**, covering all training and assessment activities throughout our registration period.
- We retain a **Certificate of Currency** as proof; quotes or invoices alone are insufficient evidence.

2. Professional Indemnity Insurance

- While not mandated by ASQA, we maintain **professional indemnity cover** to protect against claims arising from advice, assessments or services we provide.

3. Workers' Compensation Insurance

- We comply with **state Workers' Compensation** laws, covering all employees (and contractors where required).

4. Additional Policies

- Where we own or lease facilities, we hold **building and contents insurance**.
- For any specialised training (e.g. with licensed equipment), we arrange **contract works or products liability** cover as needed.

5. Regulatory Compliance

- We confirm our insurers are **APRA-authorised**, ensuring policies meet Australian Prudential Regulation standards.
- Our CEO and Finance Manager review and renew all policies annually to match our scope of registration and emerging risks.

By holding these comprehensive insurance policies and following safe practices, HPA Training ensures that you can focus on learning with confidence that you're protected from unforeseen risks. If you have questions about our coverage, contact Administration via admin@hpatraining.com.au or 02 4326 1035.

3.3 Training Adjustment Plans – Your Personal Support Strategy

Everyone's learning journey can present unexpected challenges. A tailored Training Adjustment Plan (TAP) ensures you receive the precise support you need—extra time, targeted tutorials or assistive resources—so you can stay on track and succeed.

A Training Adjustment Plan is not about changing course outcomes—it's about supporting you to reach them. Every student deserves a fair opportunity to succeed.

3.3.1 How TAPs Work:

1. **Trigger Plan** – Based on LLND, Suitability Checklist, or Intervention Plans
2. **Draft & Approve** – You and your Trainer review draft of plan
3. **Sign-Off** – You confirm the TAP (ask questions if unsure)
4. **Implementation** – Resources and sessions are arranged immediately
5. **Review Cycle** – Monthly TAP reviews to adjust support using assessment, attendance and your feedback
6. **Monitoring** – Outcomes are securely logged in our Student Management System and protected under the Privacy Act 1988

3.3.2 Examples of Reasonable Adjustments:

- Extra time for assessments
- One-on-one tutorial support or mentoring sessions
- Printed materials in large print or different formats
- Modified practical tasks to accommodate mobility or sensory needs

- Language support or simplified instructions

3.3.3 Your Role:

- Attend support sessions, review your plan daily, and request updates if your needs change
- Keep in touch with Student Support or your Trainer to keep your plan effective
- Ask questions before signing and collaborate openly

By actively engaging with your Training Adjustment Plan, you give yourself the best chance of achieving success—on your terms.

For assistance or to request an adjustment, contact Student Support at catherine@hpatraining.com.au or 0435 359 033 or your Trainer.

4.3 Workplace Health and Safety

Your safety is our top priority—whether you’re on campus or out on placement. The Work Health and Safety Act 2011 (as amended) sets clear duties for everyone involved in training to prevent harm and keep our learning environments healthy.

- **Risk Management:** We carry out regular hazard inspections, safety audits and risk assessments to identify and eliminate or control dangers.
- **Emergency Readiness:** You’ll find evacuation maps, fire-equipment locations and first-aid kits clearly marked in all training areas. We explain drills at induction, so you know exactly what to do.
- **Incident Reporting:** Any injury, ‘near miss’ or safety concern is recorded and investigated using our WHS Incident Report form. Corrective actions and follow-up checks ensure the issue is resolved.
- **Information & Training:** From day one you receive a safety briefing at induction. We provide ongoing toolbox talks, and information at induction so you understand safe work practices.
- **Health & Safety Representatives (HSRs):** If elected, HSRs receive paid training and act as your voice in safety consultations.

Right	What You Should Do
Safe Environment	Attend inductions, toolbox talks and follow all safety directives.
Informed & Consulted	Ask questions in briefings and participate in risk-assessment meetings.
Report Hazards & Incidents	Use the WHS Incident Report form (available from your Trainer) to report anything unsafe.
Access to HSRs	Nominate or vote for an HSR and bring safety issues to their attention.
Refuse Unsafe Work	If a task poses imminent risk, stop work immediately and seek advice.

4.3.1 Quick-Guide: What To Do After an Incident

1. **Ensure Safety First:** Move away from danger and, if needed, call emergency services.
2. **Notify Your Trainer or Supervisor:** They’ll help secure the area.
3. **Complete the WHS Incident Report:** Capture what happened, where and who was involved.
4. **Follow Up:** Attend any review meeting and cooperate with corrective-action plans.

By working together—being alert, speaking up and following procedures—we create a training environment where everyone can learn, grow and thrive without unnecessary risk. If you ever have a safety question or concern, your Trainer, Student Support team or elected HSR is here to help.

4.3.2 Reporting an Incident

Whenever you see or experience an injury, hazard or “near miss,” please follow these steps to ensure its logged and fixed:

1. **Stay Safe First**

- Move yourself and others out of harm's way.
 - If someone needs urgent medical help, call **000**, then alert your Trainer or Assessor.
2. **Grab the WHS Incident Report Form**
- Available from your Trainer/Assessor
 - **Form:** WHS Incident Report Form Q2.D4-WHS Incident Form
3. **Fill It Out Clearly**
- **Incident Details:** Date, time, location, exactly what happened, and any witnesses.
 - **Injury Details** (if relevant): Person's name, role (Student/Staff), injury site, and whether medical treatment was needed.
 - **Hazard & Action:** What caused the incident? What you or others did immediately to control it?
4. **Submit Within 24 Hours**
- Hand the completed form to your Trainer or email a scanned copy to the WHS Officer.
5. **WHS Team Follows Up**
- The WHS Officer logs it in the register, carries out any risk assessments, and records corrective actions.
 - The WHS Coordinator finalises "Action Required/Taken" and ensures those controls are put in place.
6. **Continuous Improvement**
- Incident outcomes are reviewed at the next Quality & Compliance meeting. You may be asked for feedback so we can prevent repeats.

By reporting promptly and fully, you help keep our training spaces safe for everyone. If you ever have questions about the form or process, just ask your Trainer or Student Support.

4.3.3 Emergency & Evacuation Onsite

Emergencies can happen without warning. Knowing exactly what to do keeps you and everyone around you safe, minimises panic and ensures we all get help as quickly as possible.

- **Clear Signage & Equipment:** All training rooms have evacuation maps, marked exits and fire extinguishers and a hose reel outside the building.
- **Regular Drills:** We discuss evacuation drills at induction so you're familiar with routes and muster points.
- **Trained Fire Wardens:** Designated staff lead evacuations and ensure everyone is accounted for.
- **Communication Systems:** Alarms are tested regularly.

When You Hear an Alarm	What You Do
1. Stop Work Immediately	Leave all equipment as is—do not tidy up or collect belongings.
2. Follow Your Fire Warden's Instructions	Proceed calmly to the nearest safe exit.
3. Use the Nearest Exit, Not Elevators	Head to the Evacuation Meeting Point (muster area) as signed.
4. Assist Others if Safe to Do So	Help classmates with mobility needs—but never put yourself at risk.
5. Report to the Muster Area	Wait for roll call; do not leave until you're formally dismissed.
6. Alert the Warden to Missing Persons	If you notice someone hasn't arrived, tell the Warden immediately.

4.3.4 Fire Emergency Tips

- **Only Fight Small Fires:** If a fire is small, you may use the nearby extinguisher—aim at the base, sweep side to side.
- **Know Your ABCs:** Use the correct extinguisher (A for wood/paper, B for liquids, C for electrical).
- **Don't Take Unnecessary Risks:** If in doubt, evacuate first and let the Fire Brigade handle it.

4.3.5 What Happens Next

1. **Accountability:** Your Trainer or Warden conducts a roll call at the muster point.
2. **All-Clear Signal:** Only once emergency services or the Warden confirm safety will you be told you can re-enter.
3. **Debrief:** After the event or drill, we'll review what went well and where we can improve. Your feedback is welcome.

By following these steps and staying calm, you help ensure everyone's safety. If you ever have questions about evacuation routes or emergency equipment, please ask your Trainer or a Fire Warden at any time.

Such conduct, when experienced or observed, should be reported to your trainer or the Chief Executive Officer. All complaints will be promptly investigated.

8.10 Anti-Bullying

Violence, harassment and bullying are human rights issues that profoundly affect the lives of many people in Australia.

We all have a right to feel safe and respected. We all have a right to live our lives free from violence. Violence, harassment and bullying can violate these rights. They can also impact on other rights, such as the right to education and the right to health. Violence, harassment and bullying affect well-being and quality of life.

Victims can experience significant social isolation and feel unsafe. Bullying can lead to emotional and physical harm, loss of self-esteem, feelings of shame and anxiety, and concentration and learning difficulties. Tragically, violence, harassment and bullying can lead to suicide in extreme cases.

These are not issues that concern only children and young people. Violence, harassment and bullying can occur in several different environments, including in workplaces, care facilities and in the community, and can affect people of all ages and backgrounds.

Bullying can also take place in cyberspace: over the internet and on mobile phones. New technologies enable the spread of information, ideas and images to large numbers of people very quickly. There are many challenges in protecting people from violence, harassment and bullying in cyberspace.

We all have a responsibility to create a safe environment by standing up against violence, harassment and bullying. If bystanders take safe and appropriate action to stop bullying, we can all be a part of the solution. In the event of a situation that is considered by clients to be in violation of the RTO harassment, victimisation and bullying policy, report the situation to management.

Refer to your state regulatory body for more information.
